DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 18 September 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants have not complied with the Sequence Rules as required in the previous Office action (page 5, item 8), page 25, line 11 contains amino acid sequences but do not have a sequence identifier. Applicants' argument on page 9 of the Remarks is not found to be relevant because the Sequence Rules clearly state if a amino acid sequence of four or more amino acids is disclosed in the specification then it requires a sequence identifier. See 37 CFR 1.821. In addition, Applicants' corrected drawing submission fails to comply with 37 CFR 1.121(d)(2), no marked up copy was submitted. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
